This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Survival of the Historically Black Colleges and Universities as edited by North Carolina AT State University Chancellor Emeritus Edward Fort, conceptualizes the strategies, strategic planning energies, and delivery systems which might be of assistance to HBCU s as they continue to survive in this age of uncertainty. Its insightful chapters, as penned by Fort and a number of his colleagues (including former Presidents and Chancellors of Black campuses) are data driven and experientially based. The challenges encountered by the HBCU leaders are described as multiple and include fiscal accountability and the continued need to assist the public schools as related to the twin problems of the achievement gap and Clark s Cult of Cultural Deprivation. The author and his colleagues outline viable strategies geared to address these challenges. The latter represent but two of a number of other challenges confronting HBCU s. These include, but are not limited to (1) enrollment competition with majority institutions, (2) cultivation of alumni support, (3) the garnering of fiscal equity via such avenues as increased federal agency and foundation/corporate support. Considerable space is devoted to the critical issue of institutional leadership. Here, strategies and delivery systems are explored as associated with the HBCU leader s aggressive determination to provide the best possible crucible of learning for students attending the institution. The issues of fiscal accountability and its ever-present spectra of prospective gloom and doom lurks as an enemy to be constantly confronted. Many pages are devoted to the conceptualization of prescriptive strategies, which can be applied to present day campus situations. Leaders of historically black campuses can benefit from these...
