MODELING AND SIMULATION OF PROTEIN FOLDING

Cuvillier Verlag Jun 2011, 2011. Taschenbuch. Condition: Neu. Neuware - The book describes a new mathematical model for intracellular protein folding and the implementation of this model in the form of a novel simulation software. Besides, the related biological, chemical, and physical background, important for understanding and rationalization of the proposed model, is outlined, and a short overview of the best-known methods for protein structure prediction and molecular modeling is given. The first chapter provides a general introduction to the problem,...
