On Demand Publishing, LLC-Create Space, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.People often smugly state that humankind has always killed and eaten the animals as we are carnivores to try to justify the act of killing. So maybe we should not try to prevent people from murdering each other since this has been achieved for millennia? So let s all embrace the Garden of Vegan and stop all the cruelty to Gods animals. The Lord is love, and his will is Thou shall not kill. Which is part of the Ten Commandments and ingrained into the human heart in the New Testament by Christ, this includes the creator s animals. It is not our right to deny the animals their freedom, and kill them for meat. Suffering is suffering at the end of the day, how can a born again Christian eat a murdered animal? If we take away love we remove the greatest commandment and the earth resembles a tomb. There is no fundamental difference between mankind and the animals in the ability to feel pleasure, pain, happiness and suffering. We do not need to eat animals and a Vegan diet is the optimal nutritional diet for mankind backed up by science and the bible. If we cherish all the animals why do we plunge a fork in others? Would you want your only child to be imprisoned, mutilated, tortured and killed in the name of the food industry? Recognise meat for what it is, a pesticide, un-nutritious corpse of a tortured being. What s the difference between ISIS beheading people and mankind beheading thirty million animals every day? For as long as mankind kills God s animals they will kill each other, killing animals is murder and the killer will...
