Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.3- Informative Books in 1 Bundle! The Most Comprehensive Hacking Beginners Guide! There are a lot of books on the market intended for people who want to hack. A lot of them have one thing in common: they delude you into thinking there s any one way to hack. The fact is that that s not a tale which is really congruent with reality. Hacking: The Ultimate Beginner s Guide to Learn Hacking Effectively instead teaches you to be the best hacker you can be, because it doesn t hold your hand: it teaches you broad concepts and inspires you to guide yourself going forward with your hacking education. In this book, you re going to be learning a lot of the key concepts that major hackers say that you need to understand in order to be a successful hacker. These include things such as the basics of networking, enabling you to learn and fully understand the manners and avenues that computers use to talk to one another; the basics of programming, enabling you to write your own programs and scripts to make yourself into an expert hacker; the basics of social engineering, which you can use to get any and all information that you need off of the internet and off of the computer; and a full introduction to the hacker mindset, which will carry you forward as you learn the ins and outs of computer hacking. There are a lot of books about computer hacking on the market, so why waste your money on one that you re not certain is going to teach you what you need to be taught? With Hacking: The Ultimate Beginner s Guide to Learn...
