The University of North Carolina Press, United States, 1979. Paperback. Condition: New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. These eighteen essays present innovative perspectives on global policies by introducing new concepts and by redefining others within the ecological framework. The authors explore a variety of ecological issues: food supply, oceanic pollution, climate disruption, and the more general need for equitable resource management. The relationship of environmental issues to other priorities in world politics is also examined, and a foundation is laid for creative reevaluation of international relations. Originally published in 1979. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.
