

Life Sustaining Organizations: A Design Guide

By Anika Ellison Savage

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 226 pages. Dimensions: 9.9in. x 8.0in. x 0.6in. Life-sustaining organizations are not machines - they are living systems. They make life-positive choices that support vitality, innovation and responsible action, inside and outside the organization. Each life-sustaining organization arrives at its own distinct mix of five interrelated competencies: Attracting and retaining creative people who move the organization forward Embracing the whole system at the individual, organizational and global levels Expressing design integrity in every aspect of organizational life Allowing elegant solutions to emerge in complex situations Maintaining a results orientation These competencies enable the organization, its people and the natural environment to survive and thrive. This design guide is intended for anyone who care about the well-being of an organization. The organization might be a public sector agency, a foundation, a corporation, an institution, a small business, a municipality or a virtual community in education, healthcare, manufacturing, professional services or emerging technology. This is a hands-on guide for making your organization more life-sustaining. Part 1 takes the reader step-by-step through the strategic leadership process of Structural Dynamics: Exploring Facts - Grasp the interconnections of critical and uncertain events to reveal...
