People that have problems like cutting, self-harming, depression or anorexia come here and apparently get their problem fix. What they don t get is that every human being has the choice to do whatever they want with their body and what I want to do with it is what a lot of other teen are doing here: cutting without the nurse noticing. Unfortunately, when they do notice, you get in trouble. They put you in a room with only a couch and you are forced to stay there for 24 hours. When that is done, this lady comes and does this speech on why we shouldn t self-harm and how many damage it brings to us.
