Le Brun Publications, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This is a unique and original work based on decades of study and experience and it is my sincere hope that these writings on the Magical Tree will help students of the Esoteric and Magical Arts, no matter what their level of knowledge and experience. Those new to the subject will gain a valuable tool for spiritual development and service, whereas those versed in more conventional forms of the Tree will find here much that will cut to the chase, so to speak, revealing and preserving the essential core of the tradition and its roots in the spiritual perceptions and experiences of the ancients. The model of the Three Wheels arises naturally through participation in the primordial rhythms of life and is thus far older than any written source. The Three Wheels are a simple and direct model of the universe as a living holism, a Living Magical Tree, that places us on Earth in wholesome relation to, Sun, Moon and Stars, and attunes us to their transformational rhythms and energies Green Fire Folios The Green Fire Folios Series of full-colour chapbooks was founded in 2013 by Coleston Brown. Destined to be to become collectors items, each volume combines succinct, insightful text with appealing, meaningful illustrations. Much more than introductory essays on important themes, Green Fire Folios are condensed, profound, practical guides to the essential teachings of the Magical Way and the Faery Tradition.
