Reviews

Undoubtedly, this is the greatest job by any author. It is actually filled with wisdom and knowledge I am quickly could get a pleasure of reading a written book.

(Kade Ankunding)

RELATIONSHIP NOTES ON LOVE, MUTUAL RESPECT, BOUNDARIES, MARRIAGE, AND DIVORCE

DOWNLOAD

Positive Imaging, LLC. Paperback. Condition: New. 124 pages. Dimensions: 8.0in. x 5.2in. x 0.3in. My goal with this book is to share information that readers might find of value in their own relationships. Looking back on my own life experience, I wish someone had shared some of this with me so I could have avoided learning many things the hard way. The first two readers found this book really helpful and their thoughts appear below. Oftentimes clear, true insight comes from someone not trained or educated in a particular field of thought. This book represents one of those times. The subject of relationships is so complicated few outside the legal counseling mental health arenas even attempt to address it for fear of being ignored, misunderstood or, worse yet, laughed at. The authors conversational style makes his book about the subject quite easy to read understand and as one absorbs his meaning . . . believable. It rings so true that as I was reading, I kept wanting to cut out paragraphs to put on my computer, refrigerator and bathroom mirror! Read this book. You will be glad you found it. In fact, you will probably send a copy to your child . . . I did! JHB RN, BSN, MHA Author, editor, publisher I found this book to be such an informative and important read offering tips for all types. I couldn't agree with the author more about never ever taking your partner for granted and that love means ALWAYS saying you're sorry actually as quickly, whole-heartedly and as often as needed. I'd recommend Bill's book to add zest to an already good relationship or to help you create the one you long for. Denise Fleck Relationship: Notes on Love, Mutual Respect, Boundaries, Marriage, and Divorce contains ten easy to read and understand chapters with valuable,...
